TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hudson in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Junior High School in said Hudson on Tuesday, the 10th day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what sum of money the Town will vote to raise and appropriate for the maintenance and improvement of town roads.

4. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Police Department.

5. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Fire Department.

6. To see what sum of money the Town will vote to raise and appropriate for the observance of Memorial Day.

7. To see if the Town will vote to accept numerous bequests as Trust Funds, the income to be used for the perpetual care of the various Cemetery lots.

8. To see if the Town will authorize the Selectmen to pledge the credit of the Town in anticipation of taxes.

9. To see if the Town will vote to accept the Building Code and Zoning Ordinance as prepared and recommended by the Planning Board.

10. To see if the Town will vote to increase the salary of the Chief of Police in the amount of 10% and raise and appropriate money for the same, upon petition of Anna B. Clyde and others.

11. To see if the Town will vote to raise and appropriate a certain sum of money for the purpose of purchasing a new cruising car for the Police Department.

12. To see if the Town will vote to instruct the Selectmen to request an annual audit of its accounts by the Municipal Accounting Division of the State Tax Commission, said request to remain in force until such time as the Town may recind its vote by an article in the warrant.

13. To see if the Town will vote to install a street light at the corner of Lowell Road and Elmhurst St., so called and raise and appropriate money for the same upon petition of Edward J. Daneault and others.

14. To see if the Town will vote to install a street light at or near the Legion Hall on Melendy Road, so called and raise and appropriate money for the same upon petition of Chas. Pelky and others.

15. To see if the Town will vote to install a street light at the corner of Belknap Street and the Lowell Road and raise and appropriate money for the same upon petition of Geo. Provencial and others.

16. To see if the Town will vote to install 2 street lights, one at the corner of Cross Street and Andrews Avenue and one at the corner of Andrews Avenue and Porter Avenue and raise and appropriate money for the same, upon petition of Stanley Batura and others.

17. To see if the Town will vote to raise and appropriate the sum of \$500.00 to repair and otherwise improve Andrews Avenue upon petition of Stanley Batura and others.

18. To see if the Town will vote to raise and appropriate the sum of \$500.00 to repair and otherwise improve Hurley Street so called and accept same upon petition of Paul Trimble and others.

19. To see if the Town will vote to raise and appropriate the sum of \$200.00 to repair and otherwise improve Nottingham Street so called and accept same upon petition of Albert E. Smith and others.

20. To see if the Town will vote to install a street light at the corner of Buswell Street and Highland Street, and raise and appropriate money for the same, upon petition of Winthrop Hannaford and others.

21. To transact such other business as may legally come before the meeting.

Given under our hands and seal, this 24th day of February, in the year of our Lord nineteen hundred and forty-two.

ARTHUR W. SMITH,
J. EUGENE GAUTHIER,

REPORT

of an Audit and Examination

of the Accounts

of the

TOWN OF HUDSON

made by

THE DIVISION OF MUNICIPAL ACCOUNTING

of the

STATE TAX COMMISSION

April 28—May 20, 1941

STATE TAX COMMISSION
DIVISION OF MUNICIPAL ACCOUNTING

Concord, New Hampshire

June 11, 1941

Board of Selectmen
Hudson, New Hampshire

Gentlemen:

I submit herewith the report of an audit and examination of the accounts of the Town of Hudson which has been made by the Division of Municipal Accounting of the State Tax Commission in accordance with the vote taken at the annual town meeting on March 11, 1941.

SCOPE OF AUDIT

This audit covers the fiscal year ended January 31, 1941, and the current year to May 13th. Included in the examination and audit were the accounts and records of the Selectmen, Treasurer, Tax Collector, Town Clerk, Road Agent and Trustees of Trust Funds.

Selectmen and Treasurer:

Vouchers issued by the selectmen were examined as were also the supporting invoices. The treasurer's checks, issued upon orders of the selectmen, were compared with the entries in the receipts and payments book and found to be in agreement. Receipts of the treasurer were checked by source insofar as it was possible to do so. Totals of receipts and payments were verified. The treasurer's cash book balance as of the date of audit was \$3,651.39, which was verified by a statement received from the depository bank.

Tax Collector—Laura M. Miller:

The tax warrant for the levy of 1940 was audited and verification made of all outstanding property taxes as of May 1st. As a result of this audit and verification it was disclosed that remittances to the treasurer exceeded the amount necessary to balance the warrant by \$67.62.

Receipts of the collector, applicable to previous years' taxes collected and tax sales redeemed as recorded, are included in a summary of the collector's accounts. This sum-

mary indicates a balance due from the collector of \$3.59, when the entire activity in the collector's accounts is considered. A new form of cash book record has been recommended to the collector which should be of material assistance in the proper allocation of receipts.

Tax Collector—Raymond L. House:

The accounts of this tax collector were audited for the period from October 18, 1940, date of the previous audit by this division, to May 1, 1941. Cash on hand and in the bank at the time of the previous audit together with receipts as recorded for the period covered by this audit were accounted for.

The summary of the accounts of this collector indicates an excess credit amounting to \$56.08. It is recommended, however, that this amount be held as a reserve against any further tax receipts which might be presented showing proof of tax payments actually made but not credited on the collector's books.

Town Clerk:

The town clerk's motor vehicle permit and dog license accounts were examined and all receipts for the issuance of such permits and licenses were properly accounted for.

Road Agent:

The accounts of the road agent for the fiscal year of 1940 and the current year to May 14th were examined. All funds received from the treasurer for this period were expended and accounted for by cancelled checks issued to employees or vendors listed on the payrolls as submitted to the selectmen.

Trust Funds:

The trust fund investments were examined and found to be in agreement with the total of the principal of the trust funds and unexpended income as shown by the trust fund ledger. The verification of the amounts deposited in savings banks was made by reference to the pass books. Securities were examined and found to be in order.

All payments by the trustees were supported by invoices and cancelled checks.

Town Officers' Bonds:

The surety bonds of the town officers were examined and found to be satisfactory in form and amount.

RECOMMENDATIONS

During the course of the audit several recommendations in regard to accounting procedure were made directly to the officers affected. There are, however, certain recommendations of sufficient importance to be included in this report which are noted herewith:

Selectmen:

1—It is recommended that the selectmen's orders be countersigned by the treasurer and used as checks. This will eliminate the necessity of the treasurer drawing separate checks upon receipt of selectmen's orders for payments.

2—In examining the selectmen's vouchers a number of the supporting invoices were missing. Original invoices or statements for services rendered should be attached to the voucher in each instance.

3—Postings should be made to the selectmen's classification book and totalled monthly. By keeping this record up to date and carrying the column totals forward the balances of appropriations may be readily ascertained and expenditures governed accordingly.

4—An examination shows that in nearly every instance expenditures for the fiscal year of 1940 exceeded the amounts appropriated with the resulting net overdraft of appropriations of \$4,221.85. This was partially offset by an excess of actual over estimated revenue of \$1,615.74. However, if the financial condition of the town is to be improved, a determined effort must be made to keep expenditures within the amounts appropriated.

The decrease in Net Debt for the fiscal year ended January 31, 1941, as indicated by the annual town report, is accounted for in two ways:

- 1st— Reduction of Principal of Debt (Bonds and Serial Notes) amounting to \$5,500.00, through appropriation of a like amount.

2nd— Inclusion in the assets of a considerable amount of uncollected and unredeemed taxes of doubtful value, which in our opinion, will eventually have to be written off as uncollectible.

5—In auditing the tax collector's accounts a number of differences were discovered between the amount of certain taxes as listed in the blotter book and as entered in the collector's warrant book. It is very important that the tax list in the collector's warrant book be in agreement with the blotter books, both as to names of taxpayers and amounts of taxes.

6—The selectmen should furnish the tax collector with addresses of persons to whom taxes are assessed insofar as it is possible to do so.

7—As it was evident that in many instances interest on delinquent taxes was not collected or abated, it is recommended that interest be collected in accordance with the provisions of the law except in cases where specific abatement of interest is made by the selectmen.

8—Inasmuch as the proper assessment of property in Hudson is very difficult because of transfers which have not been recorded, inadequate descriptions, duplication of assessments, inability to locate property assessed and failure to remove or transfer assessments on the blotter books from year to year as the result of changes, it is believed that the only way to arrive at a sound basis for assessment is to have a tax map made of the entire town as soon as expedient.

Tax Collector:

1—It is recommended that the collector verify the addition of the warrant book when it is received to insure that the amount charged in the warrant is correct. The collector should also be certain that the warrant has been properly made out, signed and sealed by the selectmen.

2—Added taxes should only be accepted upon advice from the selectmen and should be listed separately from the taxes as committed and not inserted in the original list.

3—Abatements should be entered upon receipt of a written order signed by a majority of the board of selectmen and this order should be retained as the authorization for such entry.

4—At the time of the tax sale the treasurer should draw two checks payable to the tax collector in payment of taxes bought by the town. The first check should include the total amount of taxes bought by the town together with interest from December 1st to the date of sale. The collector should enter the interest so paid against each account in the warrant book and note that the tax had been bought by the town at the tax sale. This check should be remitted to the treasurer as a credit against the warrant account. The second check should include the total amount of **costs** on taxes bought by the town and should be retained by the collector to cover costs and fees incident to the sale as provided by the tax laws.

5—Taxes bought by individuals or representatives of banks or building and loan associations should be paid for at the time of the tax sale. Such payments should be made to the collector and handled in the same manner as the collection of any delinquent tax and interest appearing in the warrant book. The difference between the total amount for which the tax is sold in such cases and the amount entered in the warrant book represents the sale costs which are retained by the collector.

6—As there are numerous items of unredeemed taxes on the tax sale records where tax deeds are now due the town, the selectmen should advise the collector as to the property which they desire to take over. The collector should then execute deeds in such cases thereby removing these accounts from the blotter books and unredeemed lists. The remaining taxes which are uncollectible, and on account of which no deeds can be taken, should be abated.

Town Clerk:

1—It is recommended that all receipts on account of dog licenses issued, less allowable deduction for fees and supplies, be remitted to the treasurer before the close of the fiscal year.

2—All receipts on account of motor vehicle permits, dog licenses and filing fees should be entered in a Town Clerk's Cash Book which is recommended by this division for the use of town clerks.

Road Agent:

1—Inasmuch as the road agent is responsible for the disbursement of town funds paid to him by order of the selectmen it is recommended that he be bonded by a surety company.

SUMMARY

It was found necessary in conducting this audit to spend more time than is customary in an audit of a town of comparable size. It should be pointed out, however, that this was caused by the inadequacy of the records of the former tax collectors and our desire that this report should present as nearly as possible an accurate statement of their accounts.

We wish to express our appreciation to all town officers for their cooperation during the course of this audit.

It is recommended that a copy of this written report together with essential supporting Schedules be included in the next annual printed report as is required by Chapter 211, Section 31 of the Laws of 1939.

Very truly yours,

Harold G. Fowler

REPORT OF
HEALTH
DEPARTMENT

REPORT OF HEALTH DEPARTMENT

To the Citizens of Hudson:

I herewith submit my Annual Report.

One of the outstanding achievements accomplished this past year was the passage of a Garbage Collecting Regulation. I have had two complaints on this and upon checking them found that such was a misunderstanding, and were readily cleaned up. We have had many, many thank yous for this service. Therefore, I feel much good has been accomplished.

A little later in the year we expect to work out a plan whereby collections will not be made on holidays. Suitable notice will be given in regard to this effect.

Another item that has been taken care of in the past year is the doing away with the old-fashioned out house. People who do not have to put up with them do not know what it is all about—I can tell you. The State Board of Health has ruled that where there is running water within one hundred (100) feet of house complained of, that it is the same as a sewer and arrangements must be made for a septic tank or other means of disposal under ground. I have had to condemn 4 places this year until suitable means of disposal were provided.

I again want to call your attention to dumping along the public highways. There is no reason for such negligence as a public dump has been provided—if on your own land you want to dump on, get away from the highway—it is a public nuisance to do so near a highway.

Our Stores and Soda Fountains are being checked with the aid of an Inspector from Concord for clean glasses, also ice cream samples, etc.

Some of the calls I have made—

Boarding Children	4	Dumping Road	4
Water Bottles, Concord	6	Burying Dogs	5
Chicken Pox	1	Drain on Hill St.	3
Check up on Camps	6	Infantile Suspect	1
Check up on Dump	10	Ice Cream and Sherbets	2
Pigs	3	Milk Samples	20
Checking up on		Poor Plumbing	1
Sick Children	3	Poor Toilets	5
Scarlet Fever	4		

KARL E. MERRILL,

Health Officer

REPORT OF THE
HUDSON
PLANNING BOARD

ANNUAL REPORT OF THE HUDSON PLANNING BOARD

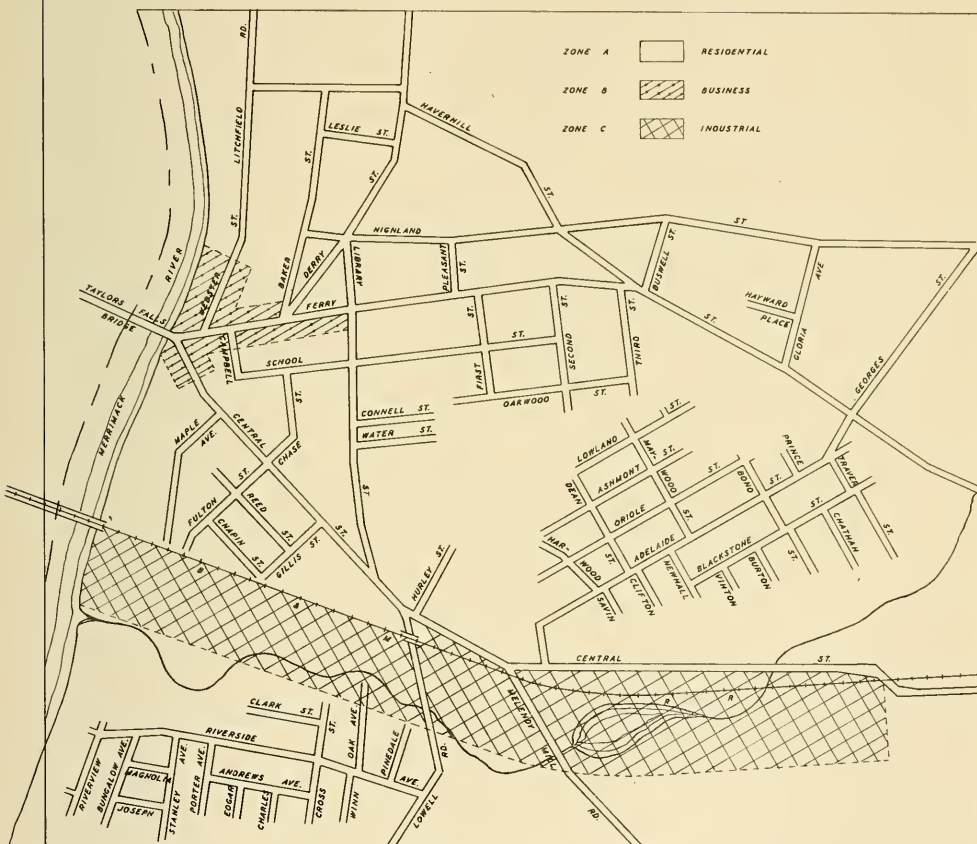

The Hudson Planning Board for the year 1941-42 was as follows:

PAUL BUXTON	—Term expires 1942
H. A. SHEPHERD	—Term expires 1943
STAFFORD HILL	—Term expires 1944
FRED HALL	—Term Expires 1945
WEBSTER WHITE	—(Unexpired term of Fred Hall)
EUGENE GAUTHIER	—(Selectman)

The Board met on April 9th and reorganized, electing Fred Hall chairman and Paul Buxton secretary. At this first meeting the members discussed the garbage and rubbish situation. Mr. Shepherd, Mr. Gauthier and Mr. Merrill were asked to investigate as a committee and report their findings to the Board. As a result of these investigations a plan for the collection of garbage was put into operation in the more congested parts of the town.

On May 13th the Planning Board renewed its discussion of a proposed Building Code and Zoning Ordinance. Paul Buxton was appointed chairman of a citizen committee composed of the following members: Robert Pratt, Mrs. Harold Connor, Mrs. Arthur Fuller, Mrs. Roger Dickey, Wesley Boles, Edwin Steckiewicz, George Steele, Royal Raby, Archie Leboeuf, Howard Legallee, Leon Magnin, Charles Parker, Winthrop Hannaford, Clayton Abbott and Edward Denault.

This committee was instructed to cooperate with the State Planning and Development Commission in forming a Building Code and Zoning Ordinance for Hudson. The State Commission gave its full cooperation to the project as did those members of the surrounding towns where ordinances are already in operation. The results of the committee's efforts are included in the Town Report. Before the final draft was made, the committee presented its report to the people at an open meeting in the Junior High School. As a result, several minor changes were made. It is only by such interest on the part of the people that we can hope to make our town a more attractive place in which to live.

HUDSON N. H. ZONING MAP	
PLANNING BOARD	JANUARY 3 1962
REVISION	

Last year the Board listed the population increase as one of its items for investigation. Although no detailed study has been made to date, it is worth while to check the general trend since 1910. At that time we had a population of 1344. In the intervening years the automobile facilitated commuting to such an extent that there was a decided increase in the population of Hudson. Today we have over 3400 people or an average increase of 68 per year since 1910. There is no reason to believe the growth will slack off except for the duration of the war. By proper long range planning we can absorb this new group in such a way that the tax burden will not be too great.

Respectfully submitted,

WEBSTER W. WHITE, Chairman
PAUL BUXTON, Secretary
H. A. SHEPHERD,
STAFFORD HILL
EUGENE GAUTHIER

**PRELIMINARY REPORT OF A RECOMMENDED BUILDING CODE AND
ZONING ORDINANCE FOR THE TOWN OF HUDSON, NEW HAMPSHIRE**

To promote the health, safety, convenience and general welfare of the Town of Hudson, and to make it a more attractive place in which to live, the following ordinance and building code is hereby enacted by the voters of said town in annual town meeting convened:

ARTICLE I—Establishment of Zoning Districts

Section 1. For the purpose of this ordinance the Town of Hudson is divided into three zones: A Residential, B Commercial (Business), C Industrial.

Zone A shall comprise the whole town with the exceptions of Zone B and Zone C.

Zone B located and described as follows for a depth not in excess of one hundred twenty-five (125) feet from the center line of contiguous street or streets in the following areas: Webster Street, easterly and westerly side for a distance of five hundred (500) feet from the junction of Ferry Street; Ferry Street, northerly side between the Merrimack River and the junction of Derry Road, southerly side between Central and Library Streets; Central Street, easterly and westerly side two hundred (200) feet from Taylors Falls Bridge.

Zone C located and described as follows: On the southerly side of B. & M. railroad from the Merrimack River to Long Crossing, so called, five hundred (500) feet in width, and on the northerly side of railroad from the junction of the Lowell Road and Central Street to Long Crossing, being bounded on the north by Central Street.

ARTICLE II—Building Regulations, General, All Zones.

Section 1. The roofs of all new buildings and existing buildings being recovered shall be covered with non-combustible or fire-resistant roofing materials, except in the recognized farming areas when it appears to the Building Inspector for any reason that the use of other materials will not constitute an inadvisable fire hazard.

Section 2. (a) Chimneys shall be constructed of stone, brick, or cement to the ground; each shall be lined with tile

and extend at least two (2) feet above the roofs to which it belongs, and shall have a clean-out opening at the base. All entrances to said chimneys shall be of fire-proof construction. Chimneys shall not be used to support beams or timbers in any manner, and shall be so constructed as to provide a 1" clear space on all sides.

(b) No smoke pipe shall be installed or erected so as to be within twelve (12) inches of any combustible floor or ceiling, unless amply protected with non-combustible material. No smoke pipe shall be installed or erected which passes into or through partitions or walls of combustible material, except when guarded by a double collar of metal with air space of at least five (5) inches, or by at least five (5) inches of brick or other non-combustible material between the pipe and the combustible material.

Section 3. Every dwelling shall have a minimum ground floor area of four hundred (400) square feet, inside measurement, for each family unit.

Section 4. Sewerage: All dwellings and all commercial, public or industrial buildings shall be equipped with town sewer entrance, cesspool, septic tank, sanitary chemical closet or approved vault, subject to the approval of the Building Inspector.

ARTICLE III—Zone A

Section 1. Every building shall be set back from the front property line not less than thirty (30) feet, or such distance as shall conform with the average line of existing buildings five hundred (500) feet on either side, and all buildings shall be set back at least five (5) feet from the side lot lines, and rear lot lines.

Section 2. No signs shall be permitted except the following: Town and State highway direction and regulatory signs, historic signs, and those signs used to advertise the profession or goods dealt in by owner or occupant of property on which placed. No sign or group of signs shall exceed twenty (20) square feet, outside dimensions, and none shall be placed so as to obstruct view on highway. Locations of signs shall be governed by same rules as apply to buildings in Section 1.

Section 3. The construction of small accessory buildings not used for living purposes, together with minor alterations, repairs and general upkeep of existing buildings shall in farming area be exempt from the provisions of the following articles—said farming area is to be designated by the Board of Adjustment.

Section 4. New Development:

(a) The owner of any plot of ground intended for development or subdivision into building lots shall file with the Town Planning Board a plan or map of the proposed subdivision, and shall obtain the approval of the Town Planning Board thereon before proceeding with the development or sale of lots in the said subdivision.

(b) It shall be the duty of the Town Planning Board to inspect the site of such proposed subdivision, and to require such roadway and other areas for common use as will eventually be acceptable to the Town for maintenance by the Town, and to approve the same when satisfied that such proposed plans are in harmony with and conducive to the general welfare of the Town and the neighborhood, and not detrimental to existing property values, but in no sense shall this approval be deemed an acceptance by the Town of the street or streets.

ARTICLE IV—ZONE B

Section 1. Within the Commercial District no building or structure shall be erected, altered, or used, except in conformance with the following:

Section 2. No building or structure shall be erected, altered or used on any lot with less than fifty (50) feet of street frontage and minimum area of five thousand (5,000) square feet. Provided, however, that if from loss by fire, explosion, intentional destruction, or removal for any cause, the building in the Commercial District now existent is to be replaced, the same space may be used for the new building as that occupied by the building so removed and this limitation as to lot size shall not apply; except that in such an event, if the building so removed is situated on a corner of streets, no part of the building except a supporting post or column on the ground floor of the building shall be closer than ten (10) feet of the corner of the lot closest to the intersections of streets.

Section 3. No building or structure shall be built of a height of more than two (2) stories.

Section 4. No building or structure shall be built or erected for any purpose closer than ten (10) feet to the sides of the lot nor closer than ten (10) feet to the highway or sidewalk which the lot faces, except in conformance to corresponding alignment with adjacent commercial buildings on the same highway. Provided, however, that in the event of the removal by any cause of a building now existent and its replacement by a new building, as referred to in Article IV, Section 2, the amount of set-back shall be governed by conformance with adjacent buildings and the new building may occupy the same space as that of the building so removed, and in the case of its being a corner building, the rule as to corner visibility in Article IV, Section 2, shall apply.

Section 5. No building or land shall be used and no building or structure shall be erected which is intended or designated in whole or in part for any industrial or manufacturing purposes but building and land may be used only for the following:

Single family residences, multiple family dwellings, hotels, boarding houses, or apartment houses.

Restaurants and other eating places.

Wholesale or retail stores, sales stores for trade, or shops for custom work or the making of articles to be sold at retail on the premises, provided that manufacturing of any such product shall be limited to the engagement of no more than five persons in any building if done within the commercial district.

Business or professional offices, banks, and the conduct of similar professional or business enterprise.

Commercial amusement places, including theatres, bowling alleys, skating rinks, billiard rooms, dance halls, and similar indoor recreations.

Garages for storage or repair of cars, stables, gasoline and oil filling, or automobile service stations; none of which may be built, altered, or used either as principal or accessory use within three hundred (300) feet measured along the street or highway to lines of Zone A, and no garage, filling stations, or

automobile service station shall be established or built, and no equipment for the service of gasoline or oil shall be placed, closer than fifteen (15) feet from the sidewalk or street line, but only in such position that cars to be serviced with gasoline or oil shall be entirely taken care of on the premises.

Section 6. In the Commercial District only such accessory use of the buildings and land may be permitted as is natural, incidental, essential to the principal use.

Use shall not include the deposit or placing outside of any building any waste, refuse, or ashes, the storage of oil or gasoline, or the erection of any sign, banner, or other advertising media of a greater area than twelve (12) square feet, except by special permission of the Board of Adjustment, nor in any way or manner that will extend more than one (1) foot from the building to which it may be attached, or extend over any sidewalk.

ARTICLE V—Industrial (Manufacturing) District—Zone C.

Section 1. Within the Industrial District no building or structure shall be erected, altered, or used except in conformance with the following:

Section 2. In the event it is proposed to erect, alter, or use a building for industrial or manufacturing purposes on a lot that does not abut on any existing street or highway, the owner of the lot shall be required to own or control a right of way or private way of minimum width of eighteen (18) feet leading from a street or highway to the lot.

Section 3. No building or structure shall be built of a height more than three (3) stories or floors, not to exceed forty (40) feet, except in such cases as may be approved by the Board of Adjustment.

Section 4. No building or structure shall be built or erected for any purpose closer than twenty (20) feet from the sides of the lot nor closer than thirty (30) feet from the property line adjoining a street.

Section 5. No building or land shall be used and no building or structure shall be erected which is intended or designated in whole or in part for any use or purpose, except in conformance with the following:

(a) Any use permitted in Residential or Commercial Districts as established and permitted by this ordinance.

(b) Such manufacturing as for any reason would not be injurious, noxious, or offensive by way of odor, fumes, smoke, dust, vibration, noise, or other objectionable features, or hazardous to the community on account of fire or explosion or any other cause; nor shall they be used for a dump or place for refuse or junk of any kind, nor for the storage or wrecking of automobiles, carriages, other vehicles or machinery, or the following accessory uses.

Section 6. In the Industrial District only such accessory use of the buildings and land may be permitted as is natural, incidental, essential to the principal industrial use.

Use shall not include the deposit or placing outside of any building or exposing any waste, refuse, or ashes.

The storage of oil or gasoline or the erection of any sign, banner, or other advertising media shall be with permission of the Board of Adjustment under such restrictions as the Board may determine.

ARTICLE VI—Non-Conforming Use

Section 1. Any lawful use of land or of a building or part thereof at the time of the adoption of this ordinance may be continued, although such use does not conform to the provisions of this ordinance. Any building occupied by a non-conforming use may be structurally altered or the use of such building changed to any other use not more detrimental to the character of the district in which it is located. Should any non-conforming building occupied by a non-conforming use be destroyed or damaged by fire or other casualty, in whole or in part, it may be replaced by a building to be used for the same purpose as the one destroyed or for any other non-conforming use, always provided that any new use to which the building may be put shall not be more detrimental to the character of the district in which it is located than was the original use, and also provided that such reconstructed building or new building shall not exceed in cubic contents the original building by twenty-five (25) percent.

Provided, however, that where or whenever an existing non-conforming use is or becomes discontinued or abandoned for a continuous period of one year any subsequent use shall

conform to the terms of this ordinance, except in cases of permitted residence uses in commercial or industrial districts.

No present non-conforming use shall be extended or enlarged beyond the limits or area occupied by such non-conforming use on the date of the adoption of this ordinance.

Provided further that whenever any building, the use of which has been abandoned and neglected for a period of three (3) years, has been allowed to become in such condition as to cause it to be injurious, noxious, or offensive to the neighborhood, or which by reasons of such abandonment or neglect shall, in the opinion of the Board of Adjustment, constitute a dangerous hazard, it may be razed by order of the Board of Adjustment and Selectmen at the expense of the Town.

ARTICLE VII—Town Building Inspector

Section 1. For the purpose of this ordinance the Board of Selectmen shall appoint a Town Building Inspector who shall be the administrative officer and who shall perform the duties of his office as designated in the various provisions of the ordinance, and shall make inspections of all buildings in the process of building or reconstruction and report all violations to the Board of Selectmen.

Section 2. Any person, firm, or corporation before commencing work on the erection or alteration of any building or structure must first obtain a permit duly granted by the Building Inspector for such erection or alteration. Before a permit shall be issued by the Building Inspector, he shall determine whether the proposed construction or alteration conforms to all the conditions of this ordinance and the permit shall be issued only when such conformity is assured.

Section 3. Where an estimated cost of two hundred dollars (200.00) or more is involved, an application fee of two dollars (\$2.00) for new construction or one dollar (1.00) for major alteration, to be retained by the Building Inspector as full compensation for his services, must be paid by the applicant before permit is issued. Permits for minor alterations will be issued free. Exterior repairs not in excess of twenty-five dollars (\$25.00) will not require a permit.

Section 4. Upon receiving such application the Building Inspector shall promptly take such action as may be indicated

in the way of investigation or public hearing to acquaint himself with the merits of the application. If, however, he finds that the proposed building alteration, or the principal or accessory use, conforms with the law and this ordinance, he shall at once issue the permit in writing over his signature. If he finds the proposal in any conflict with the law or this ordinance, he shall refuse the permit.

Section 5. No permit, however, shall be issued unless the structure will present a reasonable appearance and will be in keeping with the neighborhood and unless the building is to be finished on the exterior in a permanent manner and is to be suitably painted on the outside whenever the same is of wood or a material customarily painted. This is intended to eliminate the erection of structures obviously out of place for the neighborhood as judged by the property values and neighborhood character.

Section 6. The Building Inspector shall, immediately upon becoming aware of a violation, formally, in writing, notify the person, firm, or corporation violating the provisions of this ordinance.

ARTICLE VIII—Board of Adjustment

Section 1. Creation—Membership:

(a) A Board of Adjustment is hereby established in accordance with the provisions of Chapter 42, Section 54—60 inclusive, of the Public Laws. The word "Board" when used in this ordinance shall be construed to mean the Board of Adjustment.

(b) The Board shall consist of five (5) members to be appointed by the Selectmen within fifteen (15) days after Town Meeting. One member shall be designated to serve until January 1, 1943; one until January 1, 1944, one until January 1, 1945; one until January 1, 1946 and one until January 1, 1947. Their successors shall be appointed on the expiration of their respective terms, each to serve five (5) years. Appointment to fill a casual vacancy shall be made by the Board of Selectmen and shall be only for the unexpired portion of the term.

Section 2. Duties: The duties of the Board shall be in accordance with the provisions of Chapter 42, Section 54—60

inclusive, of the Public Laws, said Board to serve without compensation. This citizen board shall have authority to allow slight variances from the specific terms of this ordinance, where it can be shown that they would result in unnecessary hardship. When an objection, on account of the appearance of a structure, is raised by a majority of the families residing or owning property within a radius of five hundred (500) feet of the property in question, the Board of Adjustment shall hold a public hearing to receive evidence on both sides and shall have the authority to decide whether the permit shall be issued or not.

ARTICLE IX—Penalties

Section 1. Any person, firm, or corporation violating any of the provisions of this ordinance shall, for each violation upon conviction thereof, pay a fine of not less than ten dollars (\$10.00) nor more than one hundred dollars (\$100.00); except that any violation of any part of this Ordinance authorized by Chapter 147 of the Public Laws shall be punishable by a fine as provided in Chapter 147 of the Public Laws. Each day that a violation is permitted to exist shall constitute a separate violation.

ARTICLE X—Validity

Section 1. If any section, clause, provision, portion, or phrase of this Ordinance shall be held to be invalid or unconstitutional by any court of competent authority, such holding shall not affect, impair or invalidate any other section, clause, provision, portion or phrase of the Ordinance.

ARTICLE XI—Conflict

Section 1. All Ordinances or parts of Ordinances inconsistent or in conflict with this Ordinance are hereby repealed.

ARTICLE XII—Amendment of Ordinance

The provisions of this ordinance may be amended or changed at any regular or special Town Meeting by a majority of the voters present as provided by the Public Laws.

ARTICLE XIII

This Ordinance shall take effect upon its passage.

PLANNING BOARD.

*Called into active service.

REPORT OF RECREATION COMMITTEE

Committee organized on April 8, electing Lester Gove, Chairman, and Marion Connor, Secretary-Treasurer.

On May 5, this Committee sponsored a Dance at the Junior High School Auditorium, the proceeds of which were turned in to the fund for fixing the Youth Center Building.

During the summer months, volunteer workers tried to get the building ready for winter use but lack of sufficient funds and of workers, due to the war, the building is far from satisfactory. It has been used this winter by two 4-H Clubs, three Scout Troops, and one older Young People's group.

Sunset Community Club earned \$54.50 at a rummage sale and Bridge Party and turned it in to the Building Fund.

This Committee has met the third Monday evening of each month at the Webster School and leaders of youth organizations have been welcome at all times.

Mrs. Blanche Fuller has accepted the leadership of a group of young people made up of three from each organization. This group will make rules for the use and care of the Youth Center building and help to make it the center of activities for all youth groups.

There are needed improvements that are coming slow because of lack of funds. Such as toilet and water facilities, lockers and painting inside and out.

TRUSTEES' REPORT

William T. Bailey, M.D., of Boston, has made a very valuable gift to the Town of a collection of books from his private Library. A number of these have been selected for the shelves of the Hills Memorial Library and many more have been placed in the Junior High School Building.

Mrs. Hills has continued her gift of magazines for young and old as well as remembering the Library in other highly appreciated ways.

ELIZA B. LESLIE,
FRANK A. CONNELL,
HENRY O. SMITH,

Trustees.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Hudson qualified to vote in district affairs:

You are hereby notified to meet at the Junior High School Auditorium in said district on the 10th day of March, 1942, at 3:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years and to choose a member of the School Board for the ensuing two years to fill out the unexpired term of Herbert W. Canfield.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see what action the district will take in regard to continuing to improve the grounds around the Junior High School building and raise and appropriate \$200.00 for the same.
10. To see what action the district will take with regard to continuing the Nursery School and raise and appropriate the sum of \$300.00 for same, upon petition of Harland A. Muzzey and others.

11. To transact any other business that may legally come before the meeting.

Given under our hands at said Hudson, this
24th day of February, 1942.

MILDRED M. FULLER,
NORMAN E. PRIMROSE,
HERBERT W. CANFIELD,
School Board.

A true copy of Warrant—Attest:

MILDRED M. FULLER,
NORMAN E. PRIMROSE,
HERBERT W. CANFIELD,
School Board.

Report of the School Board

Superintendent Fred W. Hall, who was a Reserve Officer, was called to enter the Service of his Country and October 1, 1940 was granted a leave of absence for the duration of the emergency. Mr. Gaius H. Barrett of Franklin, N. H. was elected to fill out the balance of Mr. Hall's term of office as Superintendent of Supervisory Union No. 27. We have found Mr. Barrett very helpful and cooperative, and for the conduct of the schools under his supervision we would refer you to his report as Superintendent.

Once again we would like to call your attention to the grounds surrounding the Junior High School. With the splendid cooperation of the Highway Department we have been able to do a little more this year towards improving these grounds. A walk with steps has been built from the circular driveway to the front door of the school, as well as some loam spread on the east and north side as the start towards a lawn. A permanent sidewalk with steps should be built on the east side of the building before the final top is put on the lawn surrounding it. We are in hopes that this Spring we will be able to set in some trees along First Street, which we believe will in time help to beautify the grounds. However, it is not our aim to improve the grounds solely for the purpose of beautifying them, but also to preserve the building as much as possible from the wear and tear it now receives from the sand being blown in and ground into the floors.

It is to be hoped that the Citizens of the Town will take as much pride as your School Board does in trying to improve the surroundings of this building, and to that end will see their way clear to make some appropriation each year in order that the work which we have already started may be continued.

Respectfully submitted,

MILDRED M. FULLER,
NORMAN E. PRIMROSE,
HERBERT W. CANFIELD,

School Board.

FINANCIAL REPORT OF THE HUDSON SCHOOL DISTRICT

CERTIFICATES

I certify that the above is a correct statement of the obligations authorized, and the amounts to be assessed to meet statutory requirements and appropriations made at the annual meeting of the Hudson School District held March 15, 1941.

March 24, 1941

JESSIE S. GILBERT,
Clerk of the School District.

TO THE STATE BOARD OF EDUCATION:

I certify that the above is a correct statement of the financial proceedings of the district for 1941, and that copies of this statement have been filed with the chairman of the board of selectmen and entered in the records of the school board.

March 20, 1941

MILDRED M. FULLER,
Chairman of the School Board.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Hudson, New Hampshire

February 19, 1942

To the School Board and Citizens of the Town of Hudson:

In September, 1941, Superintendent Fred W. Hall was called to United States Military Service. My duties as acting Superintendent began on October 1st. The work for the year had already been well organized and carefully planned. With very little change I have carried on and shall so continue until the end of the year.

On November 21st, Miss Catherine Lahan, teacher of the overflow grades one, two and three, resigned to accept a position in Methuen. We were fortunate in being able to replace Miss Lahan with Miss Mary Monahan from Lowell.

Soon after war was declared in December, we were asked by the State Council for Civilian Defense, carrying out a state-wide policy, to organize our schools for air raid protection. This has been done in all schools. Through the whole hearted and efficient work of teachers and pupils, and also with the aid of the local Defense Committee, we have been able to provide for the safety of our children as well as our facilities will permit. We plan to go through with our practice drills every week until further instructions are received from the State Council.

The school work, in general, is well up to State Standards. With very few exceptions, the daily attendance of pupils has been excellent. I am sure we all agree that regular attendance adds much to the efficiency of school work.

In closing, may I express appreciation for the fine cooperation of the School Board, teachers, Parent-Teacher Association and all who have helped to make the work very pleasant and successful.

Respectfully submitted,

GAIUS H. BARRETT

Acting Superintendent of Schools

TEACHERS FOR THE YEAR 1941-42

Webster School

Barbara Smith, Principal
Helen Sullivan Grade 6
Barbara Fuller Grade 5
Mary DeCoste Grade 4
Jessie Gilbert Grade 3
Margaret Paul Grade 2
Marguerite Knaggs Grade 1
Ethel Hopwood, combination of grades 4, 5, 6
Mary Monahan, combination of grades 1, 2, 3

Junior High School

Celia Donovan, Principal
Howard Libby
Muriel Logan
Ruth Montgomery
Ruth Braley
Clair Wyman
Bertrand Tardif

Hudson Center

Florence Parker, grades 4, 5, 6
Evelyn French, grades 1, 2, 3

Enrollment February 1, 1942

Grade 6—Virginia Duncklee, Georgette Roy, Edward Hardy, Lynwood Porter.

Hudson Junior High

Grade 7—Alfred Gamache, Dorothy Foisie, Lorraine Plantier, Victoria Simo.

Grade 8—Norma Buchanan, Donna Smith

Grade 9—Clare Chalifoux

Hudson Center

Grade 6—Charles Wollen

REPORT OF THE SCHOOL NURSE

Hudson, New Hampshire
February 13, 1942

To the Superintendent, School Board and Citizens of Hudson:

I submit my report as School Nurse from February 1941 to February 1942.

Number of Pupils Examined	518	
Number with Defective Teeth	194	173 corrected
Number with Defective Tonsils	18	7 corrected
Number with Defective Vision	14	6 corrected
Number with Defective Speech	4	
Number with Impaired hearing	10	
Number with Orthopedic Defects	4	2 Under Treatment
Number Taken to Dental Clinic	183	
Number Taken to Guidance Clinic	9	
Number Taken to Orthopedic Clinic	2	
Number Taken to an Otologist	2	

In September the audiometer test was given pupils from the second grade up. Ten pupils having impaired hearing were examined by an otologist in order to determine the cause of the impairment, also to classify those who were eligible for lip-reading instruction.

In the fall the Junior High School pupils and seventeen of the elementary school pupils were given the Tuberculin Skin Test by Doctor Robert Kerr, assisted by Mrs. Irene Birchall of the New Hampshire Tuberculosis Association. Later Dr. Kerr X-Rayed the twenty-five pupils who reacted to this test with his portable X-Ray, at the school. This was followed up by a physical examination with a parent in attendance which proved most satisfactory as a complete history of the child could be obtained by the Doctor. From this check up, three children were placed in a sanatorium and one was placed under the care of an orthopedic physician.

Before participating in practice for competitive athletics all eligible pupils in the Junior High School were given a thorough physical examination by a physician to determine their fitness for strenuous physical exercises.

Under the supervision of the Domestic Arts of the Junior High School, a well balanced noon meal is prepared by two W.P.A. women. This lunch, which is supplemented by surplus commodities, is served to pupils in both schools.

Cod liver oil is being given at Webster and Hudson Center Schools in all grades to pupils whose parents so desire.

The fine cooperation of parents, teachers, and Community Council is greatly appreciated.

Respectfully submitted,

HELEN J. HOUSE,

School Nurse.
